DEPLOYED SERVICES MEMBER PROGRAM

This program allows the Company to provide a credit to deployed service members of the United States Military equal to the total cost of the basic and volumetric water, electric and wastewater service charges as well as applicable taxes. The Company will defer these costs and seek recovery in its next rate case.

The Company will provide the credit on the deployed service member's monthly bill provided that the following criteria are met:

1. Deployment is not a "permanent change of station." Permanent change of station requires a service member to permanently change his or her place of residence, paid for by the applicable military branch. A service member's decision to keep a secondary residence in Arizona would be discretionary and would not qualify for this credit.
2. Deployed member does not have family living in the premises. Short term deployments, where a spouse and/or dependents remain in the United States would not qualify, as the service member would receive separate compensation from the military to cover domestic expenses while deployed.
3. The deployed service member is an active member of the military (*e.g.*, Air Force, Army, Coast Guard, Marines, and Navy) and has submitted an application to participate in the program.

ADMINISTRATION

1. Participation shall be limited to 50 customers, but the Company is permitted to seek Commission approval to change participant limits based on level of participation.
2. The Company file with Docket Control, by March 1st each year, an annual report detailing the number of participants from the previous calendar year, the total amount of credits provided by the program, and the total of any program administrative costs.
